CURRENT & UPCOMING EXHIBITIONS

Do I Remember The Alamo?

August 2016-August 2017

"For this exhibition I wanted to explore how San Antonio artists saw The Alamo. Some, I expected, would see it in largely representational terms, a one-time Spanish church made into a fortress, while others would relate to it as a concept, an abstraction of a time & place and still others would tie it to their personal relationships of first encounter."
-Richard Teitz, Curator

DEEP IN THE HEART: A Texas Trilogy

June 2015-limited viewing

DEEP IN THE HEART: A Texas Trilogy showcases the artwork of 3 San Antonio born & based artists: 2015 Texas State Artist Vincent Valdez, Angela Fox & recent East Central High School graduate/*Visual Arts Scholastic Event* medalist Christiana Puente. Each artist created a small-scale portrait reflective of San Antonio's diverse artistic craftsmanship.
